# FOUNDATION

## FOUNDATION

- **Que aprenderemos en este apartado?**

1. **React-Foundation**
2. **Button, Button Group, Switch, Forms**
3. **Multimedia, Label, Barra de progreso**
4. **Añadiendo CSS personalizado**

## REACT - FOUNDATION

- React Foundation es una librería de React que contiene componentes UI.
- Instalación:

```
npm install --save react-foundation-components
```

```
npm install node-sass
```

## BUTTON

```
<Button color="primary">Primary Color</Button>  
<Button color="secondary">Secondary Color</Button>  
<Button color="success">Success Color</Button>  
<Button color="alert">Alert Color</Button>  
<Button color="warning">Warning Color</Button>  
  
<Button size="tiny">So Tiny</Button>  
<Button size="small">So Small</Button>  
<Button>So Basic</Button>  
<Button size="large">So Large</Button>
```

## BUTTON GROUP

```
<ButtonGroup>  
  <Button>One</Button>  
  <Button>Two</Button>  
  <Button>Three</Button>  
</ButtonGroup>
```

## SWITCH

```
<Switch />  
<Switch defaultChecked />  
  
<Switch size="tiny" />  
<Switch size="small" />  
<Switch />  
<Switch size="large" />
```

## FORMS

```
<FormField error={this.state.error}>
  <FormFieldLabel>Inline Label</FormFieldLabel>
  <FormFieldInline>
    <FormFieldLabel>$</FormFieldLabel>
    <FormFieldInput type="number" />
    <FormFieldButton>Submit</FormFieldButton>
  </FormFieldInline>
  <FormFieldError>Inline Error</FormFieldError>
  <FormFieldHelp>Inline Help</FormFieldHelp>
</FormField>
```

## MULTIMEDIA

```
<FlexVideo  
    allowFullScreen  
    src="https://www.youtube.com/embed/V9yrfccvv"  
    width="400"  
    height="300"  
    frameBorder="0"  
/>
```

## LABEL

```
<Label>Default Label</Label>  
<Label color="primary">Primary Label</Label>  
<Label color="secondary">Secondary Label</Label>  
<Label color="success">Success Label</Label>  
<Label color="alert">Alert Label</Label>  
<Label color="warning">Warning Label</Label> <br/>
```

## BARRA DE PROGRESO

```
<ProgressBar color="primary" value={20} />  
<ProgressBar color="secondary" value={40} />  
<ProgressBar color="success" value={60} />  
<ProgressBar color="warning" value={80} />  
<ProgressBar color="alert" value={100} />
```
